### PROFESSIONAL LEARNING COMMUNITIES (PLC's)

Most Fridays, students will be released early so that we are able to participate in PLC work. This work is directly related to the planning, instruction and interventions we implement in our classrooms to ensure that students master the standards.

### Role of PLC

A professional learning community is a group of educators that meet regularly and work Collaboratively to improve teaching practices and the achievement of students. The questions that drive the work of PLC's are:

- What do we want all students to know and be able to do?
- How will we know if they learn it?
- How will we respond if some students do not learn?
- How will we extend the learning for students who are already proficient?

### PLC Teams are responsible for collaborating to estabove bot eprov

- Learning is a process that takes place over time and at different speeds for different students.
- PowerSchool is an essential resource for parents and students. It is not only a tool for communication regarding
  grades, it is a resource for our students and parents to check progress, missing work, and what is being
  taught/learned regularly. Please ensure that you and your child have access (separate accounts) and even sign up for
  the app and push notifications or weekly email updates as an option in PowerSchool.

### 3rd-8th GRADE

Students in 3rd through 12th grades will receive marks for their **proficiency** towards the grade level standards using the following scale. These marks are for information and do not calculate the student's overall course grade.

- 4=Highly Proficient
- 3=Proficient
- 2=Partially Proficient
- 1 = Minimally Proficient

Students in 3rd through 12th grades will receive marks for their **overall performance** in each course of study using the following letter grade scale. Overall course grades for students in grades 3-12 will be calculated from the average of the student's assignment scores\* (assessments, coursework).

- A = 90-100%
- B = 80-89%
- C= 70-79%
- D = 60-69%
- F = 0-59%

\*For graded work in the Assessment/Coursework Categories, teachers will enter the proficiencyonc

### Missing Work:

#### An assignment is considered as missing work when it is not submitted by the due date.

Missing work will be treated as such:

- The assignment will be marked with the "missing" special code in the gradebook
- A zero (0) will be entered as the score for the assignment in the gradebook (grades 3-12)
- No Evidence (NE) will be entered for the standards attached to the assignment
- If the work is submitted as Late Work (see below), the zero ("O') assignment score will be changed to reflect the student's actual score with no deductions or penalties.
- If the work is not submitted as Late Work or does not meet conditions for Late Work, the score for the assignment will be changed from a zero ("O") to a 49% by the end of the term.

#### PROCEDURES FOR RE-ASSESSIVIENTS AND LATE WORK

Describe the expectation that all students will complete all learning requirements

- Students needing extra help will receive it from their teacher during Multi-Tiered Systems of Support in class
- In order to accurately reflect a student's academic performance level, teachers will accept late work and missi

#### REASSESSMENT

Retake: The student completes another assessment of the same learning targets. The assessment to be retaken may be in the same format or a different format. The higher of the two scores will be entered in the gradebook.

In order to earn a retake opportunity, a student must complete all of the following:

- Complete all formative coursework related to the content/skill assessed
- Consult with the teacher
- Submit a reassessment plan or application, if required by the teacher

A reassessment plan must be scheduled within the following time frames:

- K-2nd Grades Until the week before the end of the marking period
- 3rd-8th Grades: Within 10 school days after receiving the assessment score

### EXTRA CREDIT

Just as imposing grade penalties for poor behavior distorts academic grades, so does awarding higher grades or extra credit for good behavior. Extra credit renders an academic grade less accurate since it is not based upon performance of the standards, but rather on compliant behaviors. **No extra credit will be awarded**.
